

First, let me apologize for the length of time it has taken to post run times. Due to technical difficulties we were unable print final run times. For those who wrote down their times as they passed through the finish line you will see your written time listed below. Again, please let me apologize for the inconvenience and assure you that this will not happen again. Due to the growing success of the 5K Run for Babies we will be purchasing our own BRAND NEW timing equipment to ensure accuracy and efficiency for a more professional race in 2012.
